

Holmes Chapel Mill

Warehouse Operative

Massey Feeds is a **caring**, innovative company and as such, we need people who bring **passion**, enthusiasm and a strong motivation to provide the best in customer service to our client base.

We believe that a business is only as strong as the individuals who work within it, and that it's important to nurture enthusiastic, passionate and proactive people. Our reputation in the agricultural industry is excellent and has been carefully built over the past 140 years. We have a tight-knit community of employees who enjoy what we do and are given the tools to make a difference.

An opportunity has arisen for a Warehouse Operator role at the Holmes Chapel Mill. The working pattern will be Monday to Friday with 9 hours each shift. The warehouse day begins at 6am and ends at 6pm, therefore your shift pattern will be within these operating hours, with some flexibility required during busy periods. Depending on seasonal demands and holiday cover, there will be a requirement for paid overtime.

The job holder will ideally be experienced in all aspects of warehouse operation, including use of FLT and use of barcoding systems would be advantageous. This is a fully operational role; the job holder will carry out normal warehouse duties in addition to the overall responsibility associated with supervision of the area. Key responsibilities will include;

- Working under the leadership of the Warehouse Supervisor to carry out and coordinate warehouse activities
- Daily review of the future sales orders and identification of any potential stock shortages
- Maintaining accurate stock inventory, including timely transactions for stock movements into and out of the warehouse with use of a barcoding system.
- Loading and unloading vehicles, and balancing the various priorities and driver expectations
- Operating the packing line, including offloading and stock movements using a FLT

The ideal candidate will;

- Be keen to take up a new challenge in a thriving business, and learn enthusiastically about our product range and customer base

- Integrate well into an experienced team and communicating in a professional and courteous way at all times
- Have a proactive approach to housekeeping and maintaining a tidy workplace
- Hold a current counter balance FLT license
- Demonstrate excellent health and safety behaviours, including total vigilance at all times and a responsible attitude when moving around the warehouse, particularly considering the dangers of vehicle movements and pedestrian interactions.
- Be-able to balance priorities while maintaining a positive friendly attitude when dealing face to face with our customers

The site is run by a small team of motivated individuals, so a willingness to gain experience in other areas of the business is an advantage. It is important that the job holder is a dependable team player, as they will be an essential part of the site team. Full training and support will be provided, to address any knowledge gaps and help you to grow your career skills.

Salary - £30,700.00 per annum

Please send applications as soon as possible, ideally including a current CV, via email to dave.johnson@masseyfeeds.co.uk or adam.baddeley@masseyfeeds.co.uk

Closing Date: 22nd November 2024
